55 Years of Continuous Innovation

The world's most prestigious wellness & SPA choose VIP HI-LINE

VIP HI-LINE Groundbreaking Technology

The Only Device to Address All 5 Levels

SKIN

MUSCLES

**ADIPOSE
TISSUE**

**LYMPHATIC &
CIRCULATORY
SYSTEM**

**NERVOUS
SYSTEM**

For Face

Skin tone and
elasticity

Lifting &
Sculpting

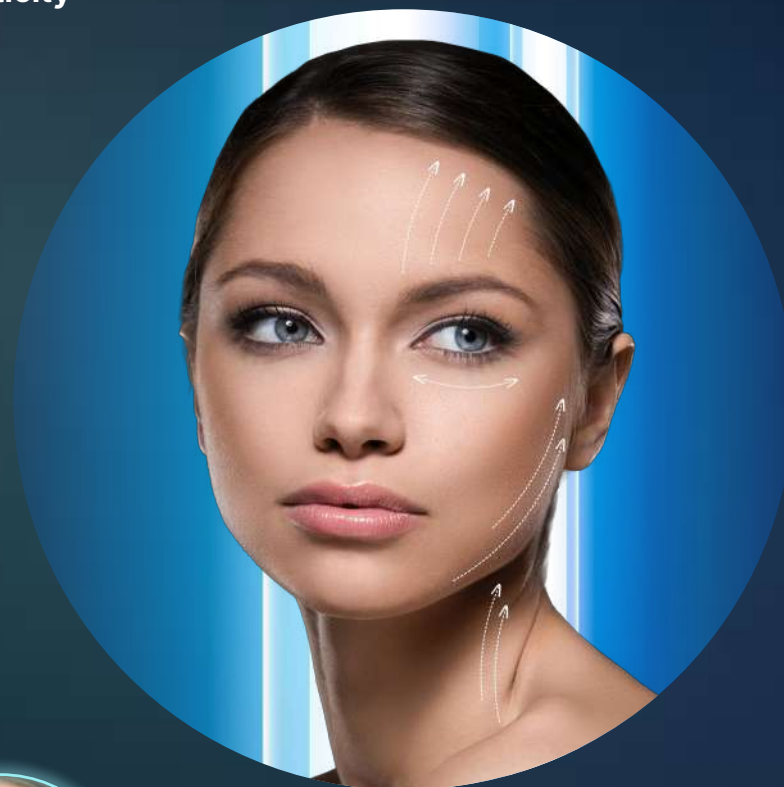

Wrinkle
reduction

Deep skin
hydration

Circulatory & metabolic
optimisation

Six core technologies
operate in complementary
synergy, precisely
targeting **multiple layers**
to effectively address all
6 signs of facial aging.

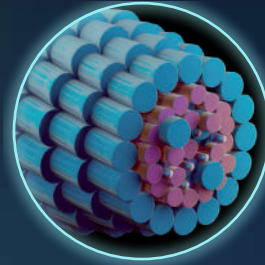

Our advanced protocols are designed to deliver structural enhancement across dermal layers (from epidermis to deep dermis), while reinforcing adipose compartments, connective tissue integrity, SMAS support, and enabling physiological muscle modulation.

For Body

VIP
ITALIA

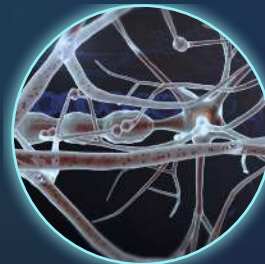

Skin

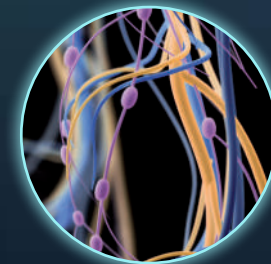

Muscles

Nervous
system

Lymphatic & Circulatory
systems

A comprehensive,
multi-layered
treatment for the
ultimate regenerative
journey

The VIP Hi-Line provides beneficial therapeutic effects on multiple layers, including skin, muscles, adipose tissue, lymphatic and nervous systems to support long-term rejuvenation and functional well-being.

Our Technology

VIP
ITALIA

VIP HI-LINE is the
premium class device
which includes the best
tech available today for

AESTHETIC
MEDICINE

WELLNESS
& SPA

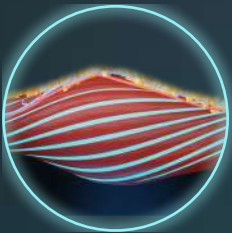

FUNCTIONAL
MEDICINE

LONGEVITY
PROGRAMMES

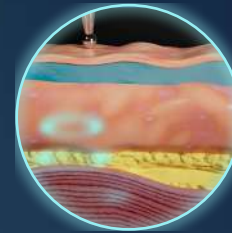

One all-in-one platform combining 5 advanced technologies for both face and body:

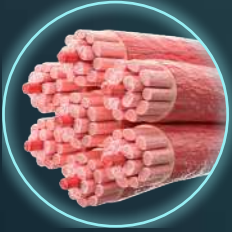

1. Electrical muscle stimulation

The Transition induces powerful isotonic & torsion muscle contractions to support the reduction of localised adipose tissue, enhance muscle tone, promote lymphatic drainage and metabolic activity, contributing to overall vitality.

4. Modulated Microcurrent & DMA

The Microgei combines Modulated Microcurrent therapy with Dynamic Muscle Activation (DMA) to restore facial tissues vitality and support long-term aesthetic rejuvenation, accelerating production of collagen, elastin & hyaluronic acid.

2. NMES

The Isogei delivers neuromuscular stimulation engineered to induce high-intensity muscle contractions, facilitating maximal muscle fiber recruitment. It supports enhanced muscle tone, tissue lifting, and improvement in overall skin appearance.

5. TENS Therapy

The Carezza is designed to support optimal muscle function and deep neuromuscular relaxation, contributing to improved muscular balance, tension reduction, and improvement in the appearance of expression lines.

3. Electro-Lymphatic Therapy

The Linfogeil lymphatic & venous drainage therapy is designed to restore healthy lymphatic function and venous circulation, and assist in the management of edema & fluid retention, producing a deeply restorative & calming neurosedative effect.

Vip Hi-Line: 5 technologies in ONE device

Carezza: TENS therapy

- > CAREZZA IS AN ADVANCED TRANSCUTANEOUS ELECTRICAL NERVE STIMULATION METHOD THAT DELIVERS PRECISELY CONTROLLED LOW-FREQUENCY AND LOW-INTENSITY ELECTRICAL IMPULSES THROUGH SPECIALISED HAND-GLOVES.

- > IT EFFICIENTLY RESTORES MUSCLE FUNCTION, RELIEVES PAIN, AND PROMOTES DEEP MUSCLE RELAXATION.

- > CAREZZA OFFERS A NON-INVASIVE ALTERNATIVE TO BOTOX. BY ALLEVIATING MUSCLE SPASMS AND DISCOMFORT, IT HELPS TO REDUCE MUSCLE TENSION AND THE APPEARANCE OF WRINKLES.

Setting a New Standard in Aesthetic & Functional Patient Care

VIP Hi-Line Technology Applications

Advanced Aesthetics

Technology-driven comprehensive protocols for facial body remodeling and tissue rejuvenation.

Wellness & SPA

Relaxation, anti-ageing technology, detox & restored lymphatic and circulatory function.

GLP-1 Adjunct Protocols

Preservation of lean body mass, long-term weight maintenance, treatment-related side effects management.

Longevity programmes

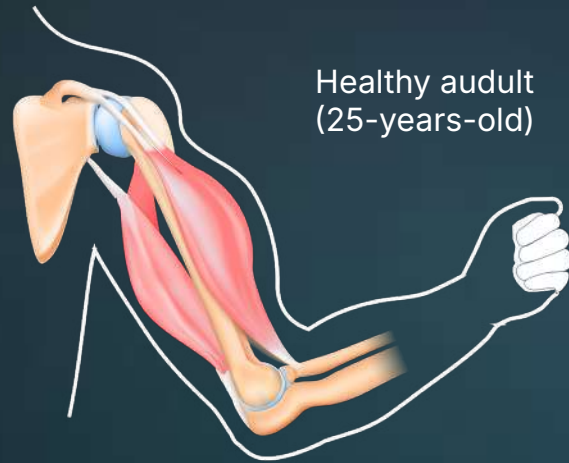

Support of tissue vitality, metabolic balance, and sustained long-term functional performance.

Sports, Functional Medicine

Performance optimization, injury prevention, recovery & long-term health enhancement.

Harvard Health Publishing: Preserve your muscle mass

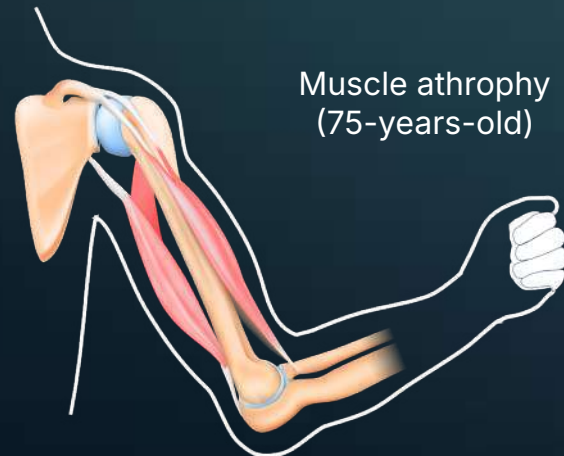

Healthy adult
(25-years-old)

Young & active

Sarcopenia

Muscle atrophy
(75-years-old)

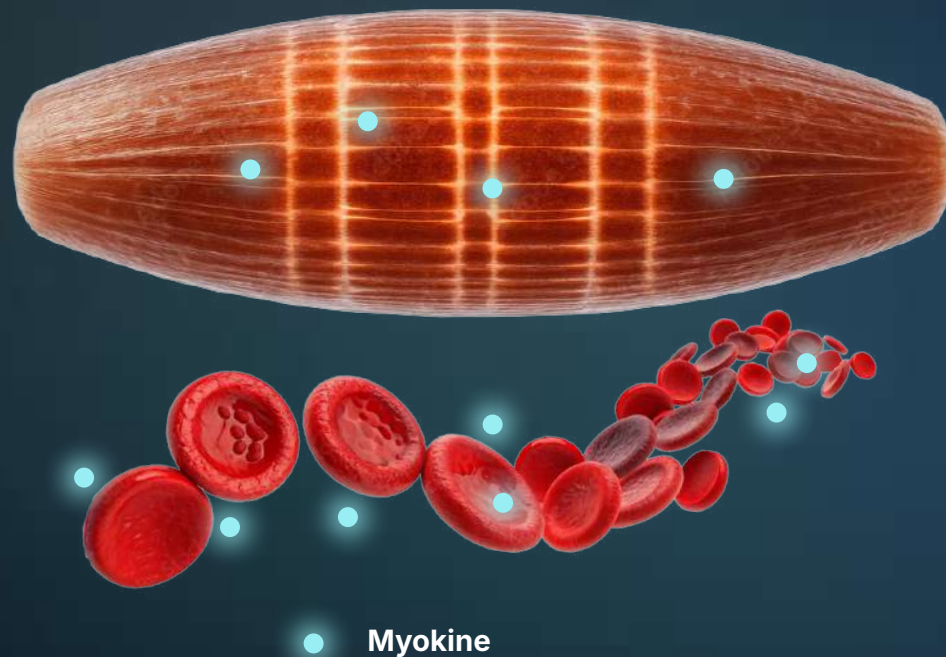

Old & passive

Age-related muscle loss, called sarcopenia, is a natural part of ageing. After age **30**, you begin to lose as much as **3% to 5%** per decade.

Most people lose about **30%** of their muscle mass during their lifetimes.*

*The dataset employed originates from Harvard Medical School.

Muscle Mass is the Key to Longevity

-  COGNITIVE FUNCTION:
LEARNING & MEMORY
-  IMPROVES FAT METABOLISM,
INHIBITS INFLAMMATION
-  IMPROVES Ca^{2+} CYCLING,
IMPROVES MITOCHONDRIAL FUNCTION.
-  IMPROVES GLUCOSE/
LIPID METABOLISM
-  REGULATE MITOCHONDRIAL FUNCTION,
IMPROVES BODY METABOLISM
-  ENHANCE B-CELL FUNCTION,
PROMOTES INSULIN SECRETION
-  INHIBITS OSTEOBLAST
-  INHIBITS MAMMARY
CANCER CELL GROWTH

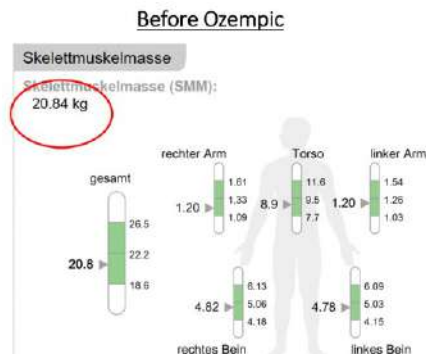

GLP-1 users: preserving lean mass with EMS support

Substantial muscle mass lost under Ozempic

Patient 3

BMI
25.70
kg/m²

Weight:
75.95 kg
Height:
1.719 m
Age: 50

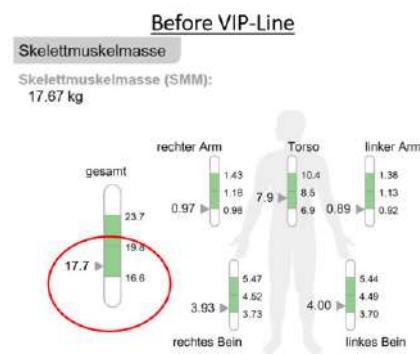

Prevention of muscle mass lost saves life in seniors

Patient 2

BMI
25.86
kg/m²

Weight:
68.20 kg
Height:
1.624 m
Age: 67

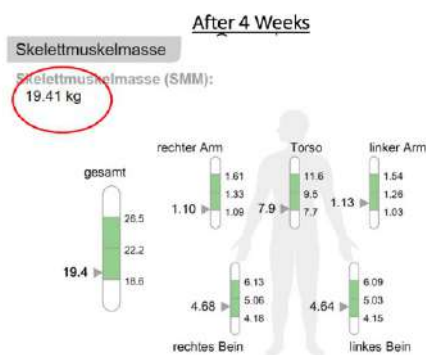

Adjunct protocols for clients using GLP-1/GIP therapies (e.g., semaglutide/tirzepatide)—non-surgical support for body composition & wellbeing.

Substantial muscle mass lost under Ozempic

Patient 3

BMI
24.72
kg/m²

Weight:
73.05 kg
Height:
1.719 m
Age: 50

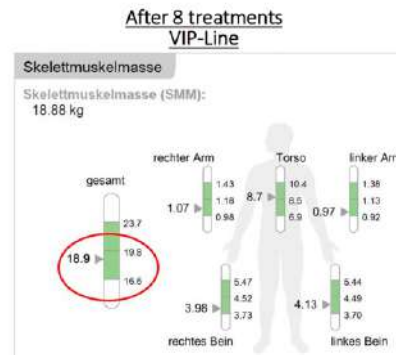

Prevention of muscle mass lost saves life in seniors

Patient 2

BMI
26.18
kg/m²

Weight:
69.05 kg
Height:
1.624 m
Age: 67

While patients on Ozempic alone lost muscle mass within just four weeks, those who received body sculpting sessions with the VIP HI-LINE showed **progressive muscle growth and improved body composition.***

* Research by Virginia Meskenaitė, PhD1; Alexey Schwarz, MD, PhD1; Natalia Rudovich, MD2, Zurich, Switzerland 2025. Researchers looked at how treatments like the VIP-Line and Ozempic influenced patients' body composition, including their Body-Mass-Index (BMI), body fat, lean body mass, and skeletal muscle mass.

Vip Hi-Line Premium Facial Packages

VIP
ITALIA

01. Forever Glow Anti- Ageing 60 min	02. Slim Face 60 min	03. Non- Surgical Face lift 60 min	04. SkinLight & Glow 60 min	05. Skin Detox & Active Drainage 60 min	06. Non- invasive Biorevital 60 min
---	---	---	--	--	--

01. Comprehensive express rejuvenation, targeting 6 signs of aging: wrinkles, sagging skin, dry skin, age spots, thin skin, loss of elasticity & volume.
02. Effectively reduces facial edema and puffiness, minimizes double chin, strengthens lower-face contours (jawline and jowls), and enhances cheekbone definition.
03. Express facial lifting, addresses gravitational ptosis and increases overall skin & muscle tone.
04. Promotes skin renewal, smooths skin texture, restores a healthy skin complexion, reducing age-related & expression wrinkles.
05. Supports deep detoxification by activating intercellular drainage, removing excess fluid and metabolic waste, enhancing cellular metabolism, restoring tissue balance, and reducing reactive inflammation and discomfort.
06. A skin-revitalizing therapy designed to improve skin quality, correct deficiency states, and address early signs of aging, such as fine lines and reduced elasticity.

01.	02.	03.	04.	05.	06.
Body Sculpting	Ideal Silhouette	Body Slimming	Anti cellulite	Brazilian Butt Lift	Recovery & Detox
60 min	60 min	60 min	60 min	60 min	60 min

01. The programme is designed for muscle strengthening, toning, sculpting, definition, and volume enhancement.
02. The programme helps to reduce localized fat, firm and tone the skin, and strengthen the muscles in areas such as the abdomen, thighs, waist, and back.
03. The programme is intended for body contouring in individuals with aesthetic concerns, visible cellulite, or excess weight, aiming to reduce body volume, improve muscle tone, and promote weight loss.
04. Focused on comprehensive body transformation, the programme aims to refine body contours by reducing excess weight and volume, firming muscles, improving skin quality, and smoothing the skin to minimize cellulite and the "orange peel" effect.
05. The perfect solution for those looking to achieve a firmer look of the buttocks without the risk and pain associated with surgical procedures.
06. The programme is designed to activate the lymphatic system, eliminate chronic swelling and stagnation, and promote the elimination of metabolic byproducts, waste, and toxins.

01. The programme helps to restore muscle strength when it has been diminished by prolonged bed rest, illness, or intense physical exertion, including demanding and competitive sports. It also accelerates post-injury muscle recovery and serves as an effective tool in sports rehabilitation medicine.

02. The programme targets specific muscles to improve their flexibility and elasticity, delivering deep, effective stretching of both muscles and ligaments.

03. Designed to strengthen and rejuvenate the pelvic floor muscles, while restoring elasticity and improving internal organ support, effectively addressing incontinence-related concerns. It is an ideal solution for sedentary women who require effective pelvic floor reinforcement without the need for lengthy or intense workouts.

04. Helps strengthening the body's muscular corset, improves posture, balance, coordination, reduces fatigue, enhancing physical performance and supporting internal organs.

05. Designed for deep relaxation and stress relief.

06. Designed to restore the spine's healthy curves while improving spinal flexibility, strength, and support.

Distinctive Advantages

WHY VIP HI-LINE FIR?

VIP
ITALIA

Global Excellence for GPL-1

CMA global accreditation for use as an adjunctive therapy to GLP-1-based treatment protocols.

100+ Customisable Protocols

100+ fully customizable treatment protocols to effectively meet the diverse needs of your clients.

5-in-1 Technologies

The machine integrates **six advanced technologies** into a single powerful machine, each engineered to address distinct clinical & aesthetic indications.

100% Holistic Solution

Comprehensive Inside-Out therapy. Multi-layer physiological modulation with respect for tissue Integrity.

55 Years of Expertise

Backed by 55+ years of the industry expertise & continuous innovations.

100% Made in Italy

Fully engineered & produced in Italy in strict compliance with the European safety regulations.
